Quinſies, Coughs, and other complaints, which prevail in Autumn?

I am not here to inquire into their noxious or ſalutary effects, when received into our Lungs; yet it cannot ſurely be amiſs, to drop this ſhort hint to thoſe whoſe province it is to make ſuch inquiries.

Stannary, near *Halifax*,
October 16, 1790.

FILICES BRITANNICÆ.

PART THE SECOND.
